We provide nursing, residential, dementia and respite care from a perfect coastal location, right on the Weston-super-Mare beach lawns.

Our bedrooms are spacious and en-suite – the rooms at the front of our home even have fantastic sea views.

Each suite has a dedicated sitting area with plenty of room for taking part in activities or simply relaxing.

Home-cooked nutritious meals are enjoyed every day in our bright dining areas, or if they prefer, meals can be served in our resident's bedrooms.

Call our Enquiry Support Team to enquire and find out more to today:
